Journal of the Torrey Botanical Society 124(4), 1997, pp. 344–348

INDEX TO VOLUME 124, 1997

A field guide to the families and genera of woody plants of northwest South America (Colombia, Ecuador, Peru), with supplementary notes on herbaceous taxa (reviewed book), 98
A nine year demographic study of *Helenium virginicum* (Asteraceae), a narrow endemic seasonal wetland plant, 236
ABRAMS, MARC D., Gradient analysis of secondary forests of eastern West Virginia, 160
Acer pensylvanicum, in hardwood forests of central New York, 246
Acer saccharum, in an Illinois streamside forest, 174
adaptive radiation, 1
Age structure and possible origins of old *Pinus taeda* stands in a flood plain forest, 111
Allegheny Mountains, gradient analysis of secondary forests in, 160
ALLEN, BRUCE P., hurricane impacts on liana populations, 34
allometry, in *Aristida tuberculosa* florets, 306
An almanac of botanical trivia (reviewed book), 100
anatomy of *Argyroxiphium* wood, 1
Anaxagorea crassipetala (Annonaceae), reproductive biology in, 228
Annonaceae, reproductive biology in *Anaxagorea crassipetala*, a lowland rain forest tree, 228
Arbutus, in old-growth *Pseudotsuga-Lithocarpus* forests in northern California, 273
Argyroxiphium, wood anatomy, 1
Aristida tuberculosa florets, self-burial and mass allocation in, 306
ARMSTRONG, JOSEPH E., floral herbivory, floral phenology, visitation rate, and fruit set in *Anaxagorea crassipetala* (Annonaceae), 228
Atlantic white cedar peat swamp in New York, 89
atmospheric deposition and Ca:Al ratio effects on growth and competitive interactions, 286
AUSTIN, DANIEL F., Dissolution of *Ipomoea* series *Anisomerae* (Convolvulaceae), 140
awns, hygroscopic, in *Aristida tuberculosa*, 306

BARDEN, LAWRENCE S., *Helianthus schweinitzii*, Federally endangered sunflower, 198
BARNES, WILLIAM J., vegetation dynamics on the Chippewa River floodplain, Wisconsin, 189
barrier islands, flora of, on the North Carolina Outer Banks, 71
BARRINGER, KERRY, book review, 336
BARTON, ANDREW M., effects of pine invasion on serpentine soil properties, 297
BEATY, R. MATTHEW, population structure of sand pine, 22
beetle pollination in *Anaxagorea crassipetala* (Annonaceae), a lowland rain forest tree, 228
BELL, DAVID T., eighteen years of change in an Illinois streamside forest, 174
Berberis thunbergii invading forest preserves, 210
Bessette, Alan E. (author of reviewed book), 216
Bessette, Arleen R. (author of reviewed book), 216
biodiversity, affected by *Berberis thunbergii* invading forest preserves, 210; of flora on the North Carolina Outer Banks, 71
bloodroot, effects of light and soil nutrients on, 219
BOERNER, RALPH E. J., Ca:Al ratio effects on growth and competitive interactions of northern red oak (*Quercus rubra*) and yellow-poplar (*Liriodendron tulipifera*), 286
bottomland hardwoods, hurricane impacts on lianas in, 34
breeding system of the narrow endemic, *Helenium virginicum* (Asteraceae), 318
brief history of the Index to American Botanical Literature, 262
BRITTONIA, as publisher of the Index to American Botanical Literature and The Taxonomic Index, 262
browsing, effects in hemlock-northern hardwood forests, 43; effects on shoot demography in *Maianthemum canadense*, 280
BULLETIN OF THE TORREY BOTANICAL CLUB, new name for, 109, 217, 271, 336; as publisher of the Index to American Botanical Literature, 109, 218, 262, 342

Ca:Al ratio effects on growth and competitive interactions of northern red oak (*Quercus rubra*) and yellow-poplar (*Liriodendron tulipifera*), 286
California, change in two old-growth *Pseudotsuga-Lithocarpus* forests in, 273
Campsis radicans, hurricane impacts on in old-growth bottomland forests, 34
cantharophily in *Anaxagorea crassipetala* (Annonaceae), a lowland rain forest tree, 228
CARLQUIST, SHERWIN, wood anatomy of *Argyroxiphium*, 1
Carris, Lori M. (author of reviewed book), 216
Chamaecyparis thyoides, in an inland Atlantic white cedar peat swamp in New York, 89
change in a streamside forest, 174; in two old-growth *Pseudotsuga-Lithocarpus* forests in northern California, 273
Chari, M. S. (editor of reviewed book), 270
chenier woody vegetation remnants, 254
Chinese tallow tree in chenier woody vegetation remnants, 254
Chippewa River in Wisconsin, floodplain forests along the, 189
chromosome number in *Helianthus schweinitzii*, Federally endangered sunflower, 198
cladistics, of *Cornus*, 124
classification of associations of ferns, 11
clonal forest herb *Maianthemum canadense*, effect of deer browsing on, 280
clonal growth, effects of light and soil nutrients on, 219
COLLINS, BEVERLY S., mass allocation and self-burial of *Aristida tuberculosa* florets, 306
competitive interactions of northern red oak (*Quercus rubra*) and yellow-poplar (*Liriodendron tulipifera*), 286
Congaree Swamp National Monument, origins of old *Pinus taeda* stands in, 111
Convolvulaceae, *Ipomoea* systematics, 140
CORNELL, HOWARD V., influence of sunlight and soil

Journal of the Torrey Botanical Society 124(4), 1997, pp. 344–348

Torrey Botanical Club, as publisher of the Index to American Botanical Literature, 262
tree seedlings, effects of overbrowsing on, 43
tree seeds, selective predation on, 67
trichomes, micromorphology of, in *Cornus*, 124
Tsuga canadensis, effects of overbrowsing on, 43
tuliptree, Ca:Al ratio effects on growth and competitive interactions with northern red oak (*Quercus rubra*), 286
typification of *Helianthus schweinitzii*, Federally endangered sunflower, 198

understory, fern distribution in, 11

Vegetation dynamics on the floodplain of the lower Chippewa River in Wisconsin, 189
Vitis, hurricane impacts on in old-growth bottomland forests, 34
von Schweinitz, Lewis David, namesake of *Helianthus schweinitzii*, Federally endangered sunflower, 198
Voss, Edward G. (author of reviewed book), 269

WALLENSTEIN, MATHEW D., effects of pine invasion on serpentine soil properties, 297
Wallkill River Valley, New York, an inland Atlantic white cedar peat swamp in, 89
WARE, STEWART, brief history of the Index to American Botanical Literature, 262
water quality, effect of watershed disturbance on, 52
watersheds, disturbance in, and effect on stream vegetation, 52
Weatherbee, Pamela B. (author of reviewed book), 269
WEIN, GARY R., mass allocation and self-burial of *Aristida tuberculosa* florets, 306
West Virginia, ordination of secondary forests in, 160
wetland perennial, *Helenium virginicum* (Asteraceae), a nine year demographic study of, 236
wetland, an inland Atlantic white cedar peat swamp in New York, 89
white cedar, Atlantic, inland peat swamp in New York, 89
white-tailed deer, effects of browsing in hemlock-northern hardwood forests, 43
Wisconsin, vegetation dynamics on the floodplain of the lower Chippewa River in, 189
Wood anatomy of *Argyroxiphium* (Asteraceae): adaptive radiation and ecological wood anatomy, 1
woodland remnant, on Louisiana cheniers, 254
woody vines, hurricane impacts on, 34

yellow-poplar, Ca:Al ratio effects on growth and competitive interactions with northern red oak (*Quercus rubra*), 286

ZAMPELLA, ROBERT A., effect of watershed disturbance on Pinelands stream vegetation, 52
ZANONI, THOMAS A., book review, 100
ZIKA, PETER F., book review, 269
